

COMPANY & PARTNERS

Global distribution & agency opportunities

MINGAN and KINGUARD welcome partners serving fire-resistant glass and building fire-protection markets.

01 / Fire-resistant glass supply

For door manufacturers, glazing fabricators, glass processors and distributors evaluating monolithic and fire-insulating glass for their own applications and systems.

02 / Complete fire-protection systems

For distributors, contractors and installation partners seeking glazed doors, windows, partitions, steel doors and timber door solutions. The product and tested configuration are established for each application.

A technical partnership

Cooperation can include product development, test planning, shop drawing review and engineering consultation, according to the agreed scope. MINGAN manufacturing capabilities include laser cutting, automated coating, glass lamination and testing facilities.

The conversation starts with your market

We are interested in companies with established customer relationships, relevant product experience and the ability to coordinate local requirements and project follow-through.

Watch the MINGAN / KINGUARD recruitment introduction.

PARTNER INTRODUCTION

Tell us where we can work together

Prepare a short company introduction using the points below.

Include	Details
Territory	Country, region and proposed market coverage.
Company	Company profile, website and principal contact.
Products	Current product range; glass supply, complete systems or both.
Customers	Main customer sectors and established channels.
Capabilities	Sales, technical coordination, fabrication or installation experience, as applicable.
Opportunities	Current projects, development interests and expected timetable.

Contact the appropriate team

Glass supply: info@kinguardfire.com

Complete systems: info@mingan.cn

WhatsApp: +852 6330 3016

Online: kinguardfire.com/general-inquiry/

Products, technical support and commercial arrangements are agreed for the proposed cooperation. This invitation does not grant an exclusive territory, appoint an agent or establish local product approval.
